Sometimes I don't feel so good  
Most times I think that  
I am misunderstood by you and myself  
Can't tell if it's night or day  
Spend hours in a cigarette haze  
I don't care, it's all the same  
You see me standing, now watch me fall  
Cause I'm sick of bashing my head  
Up against this brick wall  
I'm Sick and Tired  
I've had enough I just can't seem to get off  
Said I've been up and I've been down  
I've been straight and now I feel like  
Shooting up the town I'm just coming down  
You see me standing, now watch me fall  
Cause I'm sick of bashing my head  
Up against this brick wall  
I'm Sick and Tired  
I've had enough  
I'm Sick and Tired  
I've had enough I just can't seem to get off Goin' so  
slow, I can't make

My motor go  
Does it show?  
That I'm in too deep and it made a monkey outa me  
You see me standing, now

Watch me fall  
Cause I'm sick of bashing my head  
Up against this brick wall  
I'm Sick and Tired  
I've had enough  
I'm Sick and Tired  
I've had enough I just can't seem to get off You've seen  
me standing  
Now you want to watch me fall  
I'm sick of bashing my head up against this brick wall  
I'm Sick and Tired  
I've had enough  
I'm Sick and Tired  
I've had enough I just can't seem to get off
