

The Screaming Jets

"Stop The World"

Visit "[Stop The World](#)" on MotoLyrics.com

Well I've got all these thoughts
Turning in my head,
I have to write it all down,
Trying to keep my head above the water,
Stuck in a one horse town.
I know I've got something but I can't put my finger on it.
But everytime I think about it,
It disappears.
Stop the world, cause this is where I get off.
Well you can all carry on,
But just stop the world.
Well I can feel myself,
Tumbling and fall,
But I can get back up on my feet,
Cause I got something I'd like to show you all.
I know I've got something but I can't put my finger on it.
But everytime I think about it,
It disappears.
Stop the world,
Cause this is where I get off.
Well you can all carry on, someone please stop the
world.
So c'mon stop the world, cause this is where I get off,
Well you can all carry on, but just stop the world.
Stop.
Stop.
