Ellie Goulding Cover

Stripped to the waist we fall into the river
Cover your eyes so you don't know the secret
I've been trying to hide
We held our breath to see our names are written
On the wreck of '86
That was the year I knew the panic was over

Yes since we found out
Since we found out

[Hook]
That anything could happen
Anything could happen
Anything could happen
Anything could happen
Anything could happen
Anything could happen
Anything could

After the war we said we'd fight together
I guess we thought that's just what humans do
Letting darkness grow
As if we need its palette and we need its color

But now I've seen it through
And now I know the truth

[Hook]

Baby, I'll give you everything you need
I'll give you everything you need, oh
I'll give you everything you need
But I don't think I need you

Stripped to the waist we fall into the river
Cover your eyes so you don't know the secret
I've been trying to hide
We held our breath to see our names are written
On the wreck of '86

That was the year I knew the panic was over

I know it's gonna be (x8)

But I don't think I need you (x3)
