Give me highs, give me lows,  
Give me thorns with my rose  
I want everything  
When you laugh, when you cry,  
If you're sober or high,  
I want everything  
Give me love or hate,  
You can bend me 'til I break  
Give me fire, give me rain,  
I want joy with my pain  
I want your fears, your hopes,  
The whole kaleidoscope  
With you, with you  
Our colours come alive when I collide with you  
With you, with you  
Our colours come alive when I collide with you  
Oh oh ooh yeah  
Give me nothing, give me faith,  
I want give with my take,  
I want everything  
Give me life, give me death,

Or your biggest regrets,  
I want everything  
Show me your fears, show me your scars,  
I'll take whatever is left of your heart  
Give me heaven, give me hell,  
All the dreams you try to sell,  
I want your fears, your hopes,  
The while kaleidoscope  
With you, with you  
Our colours come alive when I collide with you  
With you, with you  
Our colours come alive when I collide with you  
Oh oh ooh yeah  
Without you it's shadows through night's black pitch,  
There's a hundred thousand light bulbs but there ain't  
no switch  
Living in darkness, fear in the night,  
Oh what a feeling when I see that light  
With you, with you

Our colours come alive when I collide with you  
With you, with you  
Our colours come alive when I collide with you  
Oh oh ooh yeah
