I sleep all night,  
Right by your side  
I love to hear you breathing, breathing  
The morning light  
Opens my eyes  
It's nearly time for leaving, leaving  
I know that it seems  
Like it's easy for me  
I wish you could feel  
What's going on inside of me

It's the hardest thing I ever have to do  
To walk away from you  
When I wanna hold you  
It's the hardest thing in every single day  
To have to turn away  
I want you to know that  
This is the hardest thing

Another day  
Is years away  
I close my eyes  
To see your face  
The more I wait  
The longer it takes  
It feels like time is standing still  
Where ever you go  
What ever you do  
I want you to know  
That you are on my mind

Chorus

Just to let go of your hands  
To make you understand that to love you  
Feel you  
Till the time I see you again  
It's the hardest thing

Chorus

I sleep all night

Right by you side  
I love to hear you breathing, breathing
