Three can keep a secret, if two of them are dead
I'll bury all the pages, to keep my words unsaid
Through thick or thin I'm holding in
Loose lips sink our ships
Lips are sewn shut

Hush baby don't tell, lets keep this inside
I've got a secret, I won't let it out this time
Your grave gets deeper all the secrets you hide
So let it out, let it out
Or no one will hear your cries

I'll watch them fall
Come crawling out your lips
I want to save myself
For the last few minutes

I'll tear this place apart with every intention
Of burning every bridge I ever stepped foot on

Hush baby don't tell, lets keep this inside
I've got a secret, I won't let it out this time
Your grave gets deeper all the secrets you hide
So let it out, let it out
Or no one will hear your cries

I have these demons I keep them inside
Believe what you want but it's probably a lie
One makes it two, two makes it three
Three makes a crowd so you're coming with me

I'm sinking faster, and it's hard for me to breathe
My whole world crumbles before me as I'm left here on
my knees
