I just sent you a letter--put it in the box today,
It's time for us to break it off--that's all
I've got to say;
You begged me and you cried and said you want to be
my friend,
But I think it's better, baby, if we let the bad times
end.

Coz It's All Over Now . . .
(Yeah, It's) all over now.

You spread your lies about me that we know were
nothing new,
So why is it you're whining that I've done the
same to you?
I hope you'll treat the next guy like you should have
treated me,
But I know a change like that in you is never meant to
be.

It's All Over Now . . .
(You know it's) all over now.

(brief instrumental around chorus pattern)

Yeah, it's all over now,
It's all over now, (join me, people . . .)
It's all over now, (Come on, make me feel it)
It's all over now, (Sing it sweetly, now)
It's all over now (oooh),
It's all over now.
