Cruisin' with my baby on Pacific One,  
School's out, and we're moving fast;  
My baby's got the top down, and we're having  
fun,  
Gonna make the good times last.

(And we'll be) Rockin' on the Beach, Baby,  
Don't let the summer get away--  
Yeah, we're rockin' on the beach, baby.

Speedin' in my Jag, my buddy's got his  
a Vette,  
Been chasing me all over town;  
Has a go, but he ain't never caught me yet,  
And he won't ever ever shut me down.

(Because we're) Rockin' on the Beach, Baby,  
Don't let the summer get away--  
Yeah, we're rockin' on the beach, baby.

We'll be loving in the moonlight and playing by  
day,  
It's gonna be an easy ride;  
On weekends I'll be cruising on the streets of L.A.  
With my girl sitting by my side. (oooh)

Santa Monica on down to Malibu,  
All summer we'll be hitting the curl;  
Sunset surfing Venice and Redondo, too,  
At nighttime it's just me and my girl.

(You'll see us) Rockin' on the Beach, Baby,  
Don't let the summer get away--  
Yeah, we're rockin' on the beach, baby.
