Tomorrow is the day after yesterday,  
And tomorrow our time together may be through;  
Tomorrow is the day after yesterday,  
So tonight I want to stay here with you.

I gave you all my love and understanding;  
You gave it back as best as you could do;  
But now the night is gone "the morning's coming  
on"  
I hope your promise always will be true.

Tomorrow is the day after yesterday,  
But tomorrow our time together may be through;  
Tomorrow is the day after yesterday,  
So tonight I need to stay here with you.

We walked along the shore throughout the springtime,  
I gave you all my love so willingly;  
But summer passed us by "you left me there to  
cry"  
The day you said you wanted to be free.

Tomorrow is the day after yesterday,  
But tomorrow our time together may be through;  
Tomorrow is the day after yesterday,  
So tonight I need to stay here with you.

Yes, tomorrow was the day before yesterday,  
But tomorrows, my love, don't last our whole life  
through;  
Yes, tomorrow was the day before yesterday,  
So tonight I want to stay here "  
(My heart will always stay here)"  
Tonight I'm gonna stay here with you.
