When we wake up in the morning
We make proper preparations
Then we start out on our own way
Without a single hesitation
We're the Selmanaires
Wwe're rocking
On the pavement
That we're walking
While the cuckoo clocks
Are clocking
The Selmanaire's beat

When we step out in the noontime
We watch for rikki-tikki snake charm
And the Mister Man goliath
And his fools who walk among us
We're the selmanaires
We're stepping
With x-ray vision as our weapon
And the head that it's all kept in
The Selmanaire's treat

When the moon begins to go up
Well the Selmanaires we show up
Where Hugo Ball
He put his notes up
With Donald Drummond
In the background
We're the selmanaires
The light's on
If you don't catch us
Then we'll be gone
Cause we never sing the same song
This is the Selmanaires rock
