"All In"

Visit "[All In](#)" on MotoLyrics.com

I've been looking for a sign
A little something that you're after
It's starting to show
The word faithful isn't mine
And I lie for cruel intentions
You know, you'll never let go
So let me go

Calm down
Learn to hide your nerves now
Knowing half the battles all pretend
Are you all in, all in?
So won't you look now
Falling faster, straight down
This moments sure to trap you in the end
Are you all in, all in?
Or are you out?

Every ending has it's dream
And every kiss can last a lifetime
So girl, come show me what's real
You're all over me tonight
Lets the alcohol decide
If I, can find peace and swallow pride
And let you go

Go play your game
We won't go down without a fight
You're still the same
So I'll sing it again
