What if the world should end today?
Would you be certain
The love you had you gave away
To all deservin'

Blue flash of light and the moment's gone
But not forgotten
Theif in the night has called you home
Seems we're lost in the moo-hoo-oon
Oh, sweet love

Oh, Life's to short to waste it all
In the foolish persuit of gold
The truth is all we really need is love
Look to you and know that you
Are watching over me
'Cuz I believe the end will justify the means.

Love is all we need.

We try to hold but we can't keep
To see it slip through.
Hands were never meant to be
Unable to reach you.
Love
Oh, sweet love, woa-oh

Oh, Life's to short to waste it all
In the foolish persuit of gold
The truth is all we really need is love
Look to you and know that you
Are watching over me
'Cuz I believe the end will justify the means

Oh, Life's to short to waste it all
In the foolish persuit of gold.
The truth is all we really need is love.
Look to you and know that you
Are watching over me
'Cuz I believe the end will justify the means.

Love is all we need.
