

The Sequence

"Long Distance"

Visit "[Long Distance](#)" on MotoLyrics.com

And I'm just like gravity
With the way I pull you down to me
Dividing you with wrong intentions
I'll try not to scream at you
But you know what you're missing, you
You only have so many chances
Second chances, you never knew

So take your words
(So take your words)
Bring 'em back 'cuz you're all I know
('Cuz you're all I know)
Let's start it all over again
Let's make this more intoxicating
Love, you always know
(You always know)
Just enough to keep me holding on
Let's play your game

'Cuz I wrote so many different versions
I don't even know what I've been singing yet
Bidding every town the same
Looking over your shoulder for a little while
Just a pawn in your sick game
Using me so you can get the king

Whoa, I'm wanting you so bad
But I don't want to
'Cuz I don't want you
Anymore than I have to

Take your words
(So take your words)
Bring 'em back 'cuz you're all I know
('Cuz you're all I know)
Let's start it all over again
Let's make this more intoxicating
Love, you always know
(You always know)
Just enough to keep me holding on
Let's play your game

Oh, you know
(Oh, you know)
Maybe our lives will bring us together
(Together)
Don't say a word before I break down
(Stay here please)
And all I hear is I'm over you
(Oh, you know)
And time will only tell if we're meant to
(Stay here please)
But some things never change
