I have a story that I have to tell  
To get it off my chest, if anyone cares  
It wont take too long  
Though it might make you cry  
Cause when I first heard it I had a tear in my eye

I'll tell it in first person so you don't get confused  
There once was a princess, so perfect, so cute  
As my heart started to fall  
I quickly realized  
That this could be the girl that I've needed all my life  
As time went by, it seemed like fate  
The late night talks, and overnight dates  
But this fairy tale, that I've started to tell  
Ends a little different and now I don't feel to well

It's hard to believe  
That you weren't meant for me  
It doesn't seem fair  
No matter how hard I try  
It's hard to believe  
That you weren't meant for me  
It doesn't seem fair  
Cause you just set the mark for the rest of my life  
And I won't settle for less  
Even if I have to search  
Till I die

Do you think this was easy for me  
Well I've got news  
It's the hardest thing I've ever had to go through  
I keep reaching for your hand  
But all I feel is this cold sand  
As I sit here and watch these waves crash down  
I want to give up, but I can't make a sound  
Looks like I missed my chance again  
Cause in these games I can never win

And the saints will come marching in  
Telling you the things that I've been trying to tell you  
Over and over again  
That you were meant for me

It doesn't some fair  
No matter  
How hard I try
