You're a bad little woman  
You're a bad little woman  
You're 'bout to ruin me baby  
With your bad, bad ways

He drives a big shiny Cadillac  
Yeah a big shiny Cadillac  
And he's evil too  
Yeah he's evil too

He said he loves you baby  
Just like I love you  
He said he loves you baby  
Just like I love you  
Woh no no  
He got it all  
No no no  
It's not true  
Nooo

He brought you home last night  
Smelled like Gypsy Rose  
Now I don't know just where you been  
He only knows

He said he loves you baby  
Just like I love you  
He said he loves you baby  
Just like I love you  
Woh no no  
No no no  
It's not true  
No no  
No no no  
It's not true  
Nooo
