I give her measure  
I give her hurt  
What I want  
I want dessert  
I believe in me  
That's how I live  
I'm gonna take her  
And you're gonna give

Girl, I'm gonna make you mine  
I'm gonna make you mine  
I want you bad, so be prepared  
Girl, I'm gonna make you mine

You've got something so out-of-sight  
But now you've opened my appetite  
Girl don't say no  
Don't use that word  
I'll make believe  
That I, I never heard

Girl, I'm gonna make you mine  
I'm gonna make you mine  
I want you bad, so be prepared  
Girl, I'm gonna make you mine

I believe in me  
That's how I live  
I'm gonna take her  
And you're gonna give

Girl, I'm gonna make you mine  
I'm gonna make you mine  
I want you bad, so be prepared  
Girl, I'm gonna make you mine  
I'm gonna make you mine  
I'm gonna make you mine  
Umm, yeah  
Watch out girl, gonna make you  
Mine
