Brain Dead Boogie (x 4)

Bump and grind, twist and jive,
Let's forget about our shitty little live's,
So come on down and move your ass,
Drink some booze or smoke some grass,
We got bills to pay, work our live's away,
A drug induced concussion'll make it go away,
Life's a play, it's like a cabaret
I know this much, it's plain as day,
It's a game,

Ladies and Gentlemen, Boys and Girls,
Come on inside and see the show,
You want to know what you don't know,
We'll show you a mirror, then you can go,

They say:

"I got everything you want,
I got everything you need"

We say:

Look real deep inside,
You'll be shocked at what you'll find,
No more lies, there's just no fucking way,
Your too much, you really blow me away,

Brain Dead Boogie (x 4)

Round and round and round you go,
Life's a Merry-Go-Round, don't you know?
Answers everywhere and there all on sale,
Smell the bullshit and inhale,
Everybody want's what everybody's got,
It's just a shame that it's not a lot,
Wonder why every day feels the same?
Ain't no wonder when no one knows your name,
Life's a game,

Ladies and Gentlemen, Boys and Girls,
Come on inside and see the show,
You want to know what you don't know,
We'll show you a mirror, then you can go,

They say:
"I got everything you want,
I got everything you need"
We say:
Look real deep inside,
You'll be shocked at what you'll find,
No more lies, there's just no fucking way,
Your too much, you really blow me away,

Ain't it strange, the game's we play,
While we ignore our decay,
Got to be number one,
But it's a battle that can't be won,

Brain dead boogie!

Ladies and Gentlemen, Boys and Girls,
Come on inside and see the show,
You want to know what you don't know,
We'll show you a mirror, then you can go,

They say:
"I got everything you want,
I got everything you need"
We say:
Look real deep inside,
You'll be shocked at what you'll find,
No more lies, there's just no fucking way,
Your too much, you really blow me away,
