"Dying Dream"

Everybody's got s-s-something to say,
"Keep it fucking real man, just do it my way
Follow the crowd and you'll be O.K.
Live for tomorrow, never for today"
Bring it on down when you have a breakdown,

Let me out of your obscene dream,
Let me out of your dying dream,

I don't want to be like you,

Nothing ever stays like you want it to be,
Scream like you mean it, it don't matter to me,
Everybody stays so stuck in their ways,
Passing the days in a number of ways,
All irrelevant and numbing,

Let me out of your obscene dream,
Let me out of your dying dream,

Let me out, break me out,
Of the machine,
Let me out, break me out,

Everybody!
It's a dream,
Everybody!
Don't it make you wanna scream

I don't want to be like you,

C'mon, change, let it go,
C'mon, change, let it go,

All the people in the sky,
C'mon down and live or die,
Gotta stop dreaming, it's a lie,
You get nowhere and wonder why,

(Nobody said it would be easy,
Nobody said you should believe me)
