Born in a bar in New Orleans,
And taught witchcraft by things unseen,
I'm the creepy voodoo doctor man,
And I do whatever I can,

Hear me sing the blues in the moonlight,
I try and raise the devil on this black night,
Don't you tell me' bout right or wrong,
Cos I'm the Voodoo Man and now it's on!

You hate me cos I'm the only one,
You hate me cos I'm what you want to be,
You hate me cos I'm the only one,
You hate me cos I'm what you want to be,

Got five shrunken heads and a wife from Haiti,
She's a fucked up freaky, sleazy kind of lady,
We run a little cult, we sacrifice cats,
We split them down the middle, then we wear them as
hats,

Hear me sing the blues in the moonlight,
I try and raise the devil on this black night,
Don't you tell me' bout right or wrong,
Cos I'm the Voodoo Man and now it's on!

You hate me cos I'm the only one,
You hate me cos I'm what you want to be,
You hate me cos I'm the only one,
You hate me cos I'm what you want to be,

Hear me shake the bones, watch me dance,
Don't you run, I'll put a curse on you,

I know you're fascinated,
So come a little bit closer,
I know that you want to,
I'll show you what I can do...

Some people dream about me,
Some people want to kill me,
Some people dream about me,

Some people want to kill me,

You hate me cos I'm the only one,
You hate me cos I'm what you want to be,
You hate me cos I'm the only one,
You hate me cos I'm what you want to be
