I didn't realise, never stopped to analyze
The hidden small print of your misleading lies
I couldn't extricate, 'cause you overcomplicate
Every decision that has ruled your life
Your toxic contract, our once lovers' love pact
Returns to haunt me in the depths of the night
I hear you calling me, your footsteps they follow me
I lose my way, you've got me in your sights

And you can take these eyes 'cause, hell, I'd rather be
blind
Then see out another damned day with you
So take these eyes 'cause, hell, I'd rather be blind
Then see out another damned day with you

Carve out your freak show, try so hard to unknow
The filthy reasons why you run and hide
So you bury it, too much just to carry it
That guilty secret that you lock inside
It will find you out, while you're hiding out
Inescapable you just can't win
Now you're terrified, desperate behind me you hide
From the nightmare of your darkest sin

And you can take these eyes 'cause, hell, I'd rather be
blind
Then see out another damned day with you
So take these eyes 'cause, hell, I'd rather be blind
Then see out another damned day with you

Is the heart still beating in that blackened burned out
chest of yours
My heart's still beating though you tore it out just like
before
And though it's killing me, I signed away my life once
more
To take back the heart I thought I owned, the heart I
thought I owned

And you can take these eyes 'cause, hell, I'd rather be
blind
Then see out another damned day with you

So you can take these eyes 'cause, hell, I'd rather be
blind
Then see out another damned day with you

Take these eyes 'cause, hell, I'd rather be blind
Then see out another damned day with you
Take these eyes 'cause, hell, I'd rather be blind
Then see out another damned day with you
