"My Heart Is A Ghetto"

I'm switzerland
I don't say a thing
I remain Neutral
You promised me the world
Then handed over luxemburg
And it felt generous in your arms

Destructive people say things like
"life in darkness brings a glimpse of hope that
someday we will change."

I'm michigan
So wild and free
But detroit is in my heart
You promised me the world
Then handed over luxemburg
And i felt dangerous in your arms

My heart is a ghetto fighting to survive
