My whole world mourns  
And burns for you  
You left me reeling  
Without any feeling

I'll never be what you perceive  
I'm nobody

I never thought that you were so sought  
I'm nobody  
I wish i had your

Is it a crime for me to feel betrayed?  
I don't want to live this way anymore  
If I had a dime for everytime you said  
"get over it"
