Well i won't talk you out of it
I'll just ask
And when you hold me and look upset
I just want
I just want

A lesson on hurt
Let me down easy
Cause i just relived my past
And i'm lower than the last
When we're undone
It feels so easy
Until i relive my past
And i'm lower than the last

Well comets crash and lovers burn
I just want
I just want

A lesson on hurt
Let me down easy
Cause i just relived my past
And i'm lower than the last
When we're undone
It feels so easy
Until i relive my past
And i'm lower than the last

My fake skin
I'm vacant
Oh where the hell should we begin?
I'm aching
I'm fading

A lesson on hurt
Let me down easy
Cause i just relived my past
And i'm lower than the last
When we're undone
It seems so easy
Until i relive my past
And i'm lower than the last time

Lovers burn, lovers burn
