The gun and the tongue do the job just the same,  
And under the knife you will cry my name  
Impale, the reaper prevails and drags you from a  
cursed earth  
Erased, easily replaced, another suicidal gear

Dream death, suicide nation  
Blood in the gears, suicide scream  
Dream death, suicide nation  
Blood in the gears

The suicide machine rolls on  
Blood in the gears to keep it strong  
The suicide machine rolls on  
Blood in the gears to keep it strong

Come now sleep, and bring me a man  
Who will dream of my name  
Now come leech, and drain me  
The fuel to drive us all insane

Dream death, suicide nation  
Blood in the gears, suicide scream  
Dream death, suicide nation  
Blood in the gears

The suicide machine rolls on  
Blood in the gears to keep it strong  
The suicide machine rolls on  
Blood in the gears to keep it strong

Suicide, futile rebellion  
Suicide breaking your will  
Suicide, hatred turned inward  
Suicide, kill the machine

Our blood in the gears, kill the machine

The suicide machine rolls on  
Blood in the gears to keep it strong  
The suicide machine rolls on

Blood in the gears to keep it strong
