Hey baby, I should have known from the very start
That this love we had didn't last
You got crossroads in your heart
They're goin' north yeah yeah oh
They're goin' north, south, east & west
I thought your love was true
& now my love will never do

Hey hey baby, hey hey baby
I found out, without a doubt
You got crossroads in your heart

You went north to get a little kissin'
You went south to get a few hugs
You went east to get what you were missin'
You went west to get my love

Hey hey baby, hey hey baby
Hey hey baby
You got crossroads in your heart

(instrumental)

Go north, north & south, go east, east & west
You know right right right from wrong
& lovin' you, I do love every

Hey hey baby, hey hey baby
I found out, without a doubt
You got crossroads in your heart

Go north, north & south, go east, east & west
You know right right right from wrong
& lovin' you, I do love every

(repeat & fade):
Hey hey baby
