Tonight you're actin strange I find  
And you got something on your mind.  
Somethings wrong, I can see it,  
See it in your eyes.  
Whoa darlin,  
Don't say goodnight and mean goodbye.

Oh, it may just be all in my mind  
But tonight doesn't seem like other times  
Then you were laughing and gay  
But now I hear you sighing, oh yes I do.  
Whoa whoa whoa darlin,  
Don't say goodnight and mean goodbye.

Have I lost touch with your heart,  
Or do I just worry too much?  
I couldnt stand for us to part  
Because I love you much, much too much.

So don't let this kiss be our last kiss  
Let there be other nights of holding you like this  
Please don't walk away, pretty baby  
With that look in your eyes.  
Oh no no, whoa darling,  
Don't say goodnight and mean goodbye  
Whoa oh oh baby,  
Don't say goodnight and mean goodbye  
Oh oh oh, don't say goodnight and mean goodbye.
