Hell can't stop me now

Y y yeah

Head this your time is short  
This is your warning, so wage your war

The great accuser  
Hurled down to earth in shame  
The ancient serpent  
Empties his wrath into this plane  
Council of war  
Now spawns beast of the earth and sea  
The final conflict  
Mans ruin no one leaves unscathed

Fling wide the gates of hell  
And drape the sun in blackened wings  
Breathe deep the sulfur  
Now grip your sword and hold your ground

Your time is short  
So wage your war  
Cause hell can't stop me now

Head this your time is short  
This is your warning, so wage your war

Head this your time is short  
This is your warning, so wage your war

Cause hell can't stop me now  
Cause hell can't stop me now

Head this your time is short  
This is your warning so wage your war

Head this your time is short  
This is your warning so wage your war  
Cause hell can't stop me now
