You said you're gonna meet me,  
Tonight's the night.  
You said you're gonna kiss me,  
Tonight's the night,  
Well I don't know,  
Said I don't know right now  
I might love you so.  
You say you're gonna beg me,  
turn the lights down low  
You said you're gonna make me  
Feel all aglow.  
Well I don't know,  
Well I don't know right now  
I might love you so.  
I might love you so much.  
You may break my heart.  
I may want you so much  
And all my dream been torn apart.  
You say you're gonna love me,  
Tonight's the night.  
You say you're gonna hold me,  
Tonight's the night.  
I don't know.  
Said I don't know right now.  
I might love you so.  
Let's take a chance.  
Gonna be a great romance  
Movin' right now,  
Gonna be a great romance (repeat and fade)
