(Wo wo wo wo, wo wo wo wo, wo wo wo wo)

All my life I'm gonna love you just as much as I can
& no one's made me ever think so much as anyone,
man

CHORUS:

Too much of a good thing can never hurt anybody,
baby
& you've got a real good thing with me
So move a little closer, come closer to me, & you'll see
Too much of a good thing never, can never hurt
anybody, baby
& you've got a real good thing with me

Oh baby, oh baby

I was savin' all my love until the day I met you
& I'm gonna give it all to you until I get you

(chorus)

(instrumental)

(repeat chorus & fade)
