Please, tell me your plans  
No, don't tell me your plans 'cause I'll just get in your  
way

I'll, I'll go for the ride  
Yes, I'll go for the ride but I won't say anything

I didn't mean to be a soliloquy  
And you know I just want some answers concerning my  
life, that's in your hands, sir

Please, give me some news  
Come on give me some clues and I'll keep my trust in  
you

Don't treat me this way if you want me to stay or I'll just  
go runaway  
I'll go running back to L.A. someday  
And I'll write you a letter, a nasty letter, someday,  
someday

Please, tell me your plans  
No, don't tell me your plans 'cause I'll just get in your  
way  
And I'll grow old by the fire, thinking how much you  
were a liar  
I'm gonna go away, go away  
Yes, go away (Go away)  
Right, go away  
Yeah, I go away  
Yeah, I go away  
Yeah, I go away (Go away)  
Yeah, you go away  
Yeah, go away  
Yeah, I go away  
Yeah, I go away (Go away)  
I just go away
