Cats are dangerous  
See through you in the dark.  
Shadow! Shadow!

Cats are dangerous  
They claw and scratch  
Sand paper on their tongue!

Sat-ur-day night.  
Put up a fight!  
When the sun is right.  
Shadow!Shadow!  
Put up a fight  
Arm wrestle in the dark?

Pick them up!  
Feel their insides!  
Pick them up!  
From the inside!

Crawl up you when they are  
Sick sick sick  
Make you cry make you  
Sick sick sick

I can grow hair  
When I can't shed  
Behind the knees.
