### "Deus Invictus"

In your name  
Victory is ours  
Gather us to your heart  
Wash the vengeance from my sword  
For I am home  
For I am home

Glory, fly the banners high  
Glory, rend the day with your victory cry  
Glory, fly the banners high  
Glory, rend the day with your victory

Consumed in the fire of your wrath  
We scattered there bodies far and wide  
Lead the righteous to war  
And the rest to their graves  
Vindication is your name

Glory, fly the banners high  
Glory, rend the day with your victory cry  
Glory, fly the banners high  
Glory, rend the day with your victory  
Glory, fly the banners high  
Glory,  
Glory, fly the banners high  
Glory, rend the day with your victory  
Glory, fly the banners high  
Glory, rend the day with your victory
