Lovesick lost and cold and lonely
With a gutful of nothing
And Iâ€™m long since past my limit
By my fuse is just a string
Friend youâ€™ve shown me ever lonely
Trapped an pinned beneath your wing
Fear that takes the heart and shakes
And now itâ€™s left it's hooks in me

Lay my head down
Breathe the dream the darkness on it's way
But Iâ€™m not afraid
Put my head down
Just believe the scars were worth the pain
Cause Iâ€™m not afraid

Life and love and ever after
All Iâ€™d say and all Iâ€™d sing
Was it down and starve it back
To sleep tonight and not to dream
Death and taxes forth and back
We go from sin to deadly sin
And I donâ€™t know what the attraction is
But I donâ€™t see an end

Lay my head down
Breathe the dream the darkness on it's way
But Iâ€™m not afraid
Put my head down
Just believe the scars were worth the pain
Cause Iâ€™m not afraid

Lay my head down
Breathe the dream the darkness on it's way
But Iâ€™m not afraid
Put my head down
Just believe the scars were worth the pain
Cause Iâ€™m not afraid

Lay my head down
Breathe the dream the darkness on it's way
But Iâ€™m not afraid

Put my head down
Just believe the scars were worth the pain
Cause Iâ€™m not afraid
