We dive into a dark doorway
Hiding from the clouds of grey
Oh babe
I don't mind it at all
We stay close to one another
Laughing as we watch the waterfall

Rain Scottish Rain
Rain Scottish Rain
Rain Scottish Rain

I can feel your pulse beat so strong
Feel you warm and feel you young
Oh babe
Like children once again
We stay close to one another
Captives of the Scottish Rain

Rain Scottish Rain
Rain Scottish Rain
Rain Scottish Rain

Hope it don't rain all day

Rain Scottish Rain
Rain Scottish Rain
Rain Scottish Rain

We stay close to one another
Captives of the
Natives of the Scottish Rain

Radioactive Rain
