Struck down by a prayer
And she compels you, you can't help it
Drop down to your knees
She's in your mind and you are blinded
And she put a spell on you

She's nobodys angel She's nobodys Nobodys angel

Fever fever leave my heart alone Teardrops down my face I curse the day that I was born

Lost inside her grace
And you surrender sweet surrender
Bound within a sigh
She takes you under, keeps you under
And she puts a spell on you

Still my fading heart beats for your love Still my fading heart beats for love
