

The Sins "Nothing"

Visit "[Nothing](#)" on MotoLyrics.com

Here we go once again
We've crossed every line we've drawn
Stepped on each others' hopes
Lied wit ha serpent's tongue
Walking in circles
I see it all clearly
The love we once had
It has faded around us

Eclipsed in sorrow
I run from the twilight
With tears in my eyes
I stare as if I was blind
Displayed emotions
Are driven from my soul
Ensnared by this passion
Of once feeling whole

Shadows whisper your name
I hear nothing
An image of hurt and of pain
I see nothing
The scent of your skin
It means nothing
I drink in my sin
And feel nothing
I feel nothing

Hiding in shadows
Embracing this hole of mine
I drown in this sinking ship
Afraid of what could have been
Feelings as cold as ice
Entangled into vice
Shackled in sorrow
I watch as our passion dies

Wanting so badly
I've tread on glass for you
Knowing inside
That feelings don't last for fools
Smashing my fantasy

Avoiding the facts
I stare in the mirror
And it turns black

Shadows whisper your name
I hear nothing
An image of hurt and of pain
I see nothing
The scent of your skin
It means nothing
I drink in my sin
And feel nothing
I feel nothing

It means something
