Sweet memory
Talking 'bout a sweet memory
It goes round and round in my head
Pretty soon I'll want the real thing instead
But for now I got this sweet memory

Sunny day, sunny day
Not a cloud crosses the sky
Not a tear comes to my eye
On this sunny day

Sweet memory
Talking 'bout a sweet memory
It goes round and round in my head
Pretty soon I'll want the real thing instead
But for now I got this sweet memory

Sweet memory
Sweet memory
