Crazy, crazy, crazy, ah!
Crazy, crazy, crazy, ah!
Crazy, crazy, crazy, ah!
Crazy, crazy, crazy...

Everyday I'm living in a world gone crazy
Everyday I'm living in a world gone crazy
Everywhere I see people crying
Everywhere there's people dying
Everyday the human race is
Filling me with more disgraces

Everyday I'm living in a world gone crazy
Everyday I'm living in a world gone crazy
It's only making more pollution
Age-old border line disputes
War for pride and retribution
Wasted life with no solution

Well tell me what am I to do now?
All my plans, all my plans fell through now
Oh God help me!

Can you tell me where it started?
Was man meant to be broken hearted?
How does God put me in danger?
Satan's only human nature
Ah I think this world gone crazy
I'm telling you man I believe the world gone mad

Everyday I'm living in a world gone crazy
Everyday I'm living in a world gone crazy
Tell me what am I to do?
Tell me what am I to do now?
