Here I am, playing with those memories again  
And just when I thought time had set me free  
Those thoughts of you keep taunting me  
Holding you, a feeling I never out grew  
Though each and every part of me has tried  
Only you can fill that space inside  
So there's no sense pretending  
My heart is not mending

Chorus:

Just when I thought I was over you  
And just when I thought I could stand on my own  
Oh baby those memories come crashing through  
And I just can't  
Go on without, you

On my own, I tried to make the best of it alone  
I've done everything I can to ease the pain  
But only you can stop the rain  
I just can't live without you  
I miss everything about you

Chorus (repeat)
