I stand alone I'm just a face in the crowd
I get lonely if the truth be said
Sometimes I want to cry out loud
But I try to understand instead

I wish I had the strength inside to walk right up to you
I never have to hide behind these doubts I know are true

It's not too late to fall in love
Accept your fate, I'm the one you're thinking of
It's not too late so don't run away
I need you too but it's hard for me, so hard for me to say

So I listen for the perfect moment
To rush to you but my heart's too slow
Everybody here can see me stumble
Better wait until the lights get low

I wish I had the strength inside to walk right up to you
I wouldn't have to hide behind these doubts I know are true

It's not too late to fall in love
Accept your fate, I'm the only one your thinking of
It's not too late so don't run away
I need you too but it's hard for me, yes, it's hard for me
Yes, it's hard for me, so hard for me to say

It's not too late to fall in love
Accept your fate, I'm the one you're thinking of
It's not too late so don't run away
I need you too but it's hard for me, so hard for me to say

It's not too late to fall in love
Accept your fate, I'm the one you're thinking of
It's not too late so don't run away
I need you too but it's hard for me, so hard for me to say
