When we come into this world  
And we hunger for that touch  
From the one that brought us life  
From the one that gave so much

Innocence will take your hand  
And speak though the one thought in your mind

Don't you know that love is all  
Love is where we all begin  
And when we knock on heaven's door  
Only love will let us in

And as we gather to ourselves  
A part of everything we see  
We realize that what we own  
Isn't what we really need

Innocence take my hand  
And speak through the one thought in your mind

Don't you know that love is all  
Love is where we all begin  
And when we knock on heaven's door  
Only love will let us in

Don't you know that love is all  
Love is all that we must do  
It is the reason why we live  
Love is all I have for you

True love cannot be broken  
Through all the tears and pain  
Only one truth survives, only one truth remains

Don't you know that love is all  
Love is where we all begin  
And when we knock on heaven's door  
Only love will let us in

Don't you know that love is all

Love is all that we must do  
It is the reason why we live  
Love is all I have for you

Don't you know that love is all  
Love is where we all begin  
And when we knock on heaven's door  
Only love will let us in
