When love is new and the world is out reaching for you
We try hard to hold it all in our hands
But it slips through like soft drifting sands
But drying the tears can build it all like new

Now and forever, remember the words
From my heart will always be true
Now and forever, together and all that I feel
Here's my love for you

Learning each day that the right time was so far away
To tell you the things I knew, now it's clear
That the moment we searched for is here
And counting the years is all I want to do

Now and forever, remember the words
From my heart will always be true
Now and forever, together and all that I feel
Here's my love for you

Hold me as close as love will allow
Until all your fears are gone
What has all passed is over now
I'm here with you
I'm here with you
I'm holding on
I'm holding on

Now and forever, remember the words
From my heart will always be true
Now and forever, together and all that I feel
Is my love for you

Now and forever, remember the words
From my heart will always be true
Now and forever, together and all that I feel
Is my love for you

Now and forever, remember the words
