Pretty, if the sun won't shine  
I'll be coming up to meet you, I'll be there to make you  
mine  
Pretty, if the rain will pour  
I'll be knocking at your window, I'll be begging you for  
more

It's as if you've come along too soon  
Now I'm trying to fit you in but I can't seem to find the  
room  
Cutie, if it all falls through  
We can piece it back together, I can learn to trust you  
too

You're just, too good, to lose and I can't refuse  
So don't make me choose between the two  
I'm fed up in here in my atmosphere  
Don't you know who you are?  
You're my shooting star

Pretty, teach me wrong from right  
Cause in life there are no answers and in life there is  
no right  
Pretty, if the sun won't shine  
Now you've come this far to meet me and I know, I  
know you're mine

You're just, too good, to lose and I can't refuse  
So don't make me choose between the two  
I'm fed up in here in my atmosphere  
Don't you know who you are?  
You're my shooting star
