Here's on the street
A tear in the seam
Of pleasure and pain
Life carries on

A cloak of deceit
Brings honor to shame
But the voice I used to know
(Where are you now?)
Is the one I can't let go

You are the reason
My faith in tomorrow
A distant horizon
The one I must follow
You are the first, you are the last

I'll help you to see
The light in the dark
The sun through the rain
Until you are free

And facing the truth
That words can't explain
But the truth I think you know
(Tell me)
I could never let you go

You are the reason
My faith in tomorrow
A distant horizon
The one I must follow
You are the first, you are the last

You are the future from the past
You are the spell that has been cast

You are the reason
My faith in tomorrow
A distant horizon
The one I must follow

You are the reason
My faith in tomorrow
A distant horizon
The one I must follow
You are the first, you are the last

You are the first
You are the last to me
Ooo hm, you are to me, you are
