You ask me if my love
Could ever slip between these fingers
Like promises, we've made before
I could never say enough
For how can words begin to capture
What must be free
The truth of how I feel
And what you mean to me
REPRISE
You'll Never Know, You'll Never Know
You'll Never Know, You'll Never Know
Y Ahora que aprendi
Las cosas son tal como son
No hay nada que cambiar
Si ya te perdi
Y el dia puso fin a esta locura
Ya nunca lo sabras
Y el tiempo se fue igual
REPRISE
Beneath this flesh and bone
There is a heart that beats forever
It calls to me
What love can mean to you
And what it means to me
You'll never know
Ya nunca lo sabras
Y el tiempo se fue igual
REPRISE
Dame de tu alma y juega
Si mi luz, mi compan~era
This is what my heart is trying to say
REPRISE
Ya nunca lo sabras,
no, no, no,
You'll Never Know
