Eins zwei drei vier funf sechs sieben acht

I bet you didn't know that he
Was up in the crib spending time with me
And I ain't the type of girl to let him leave
So I had to fulfill all his fantasies

You should have never treated him the way you did
And now you upset
Cause he can't get enough of this good stuff I'm giving
him

Ooh I did your boyfriend (I did him)
Cause you didn't know how to please him (shorty)
Ooh I did your boyfriend (I did him)
And you won't never get him back again

(Shorty Shorty)
Ooh I did your boyfriend (I did him)
Now your boyfriends gonna be my baby
Ooh I did your boyfriend

They say a girl ain't suppose to try
To make a move on someone else's guy
But I don't mind cause hes so fly
Plus I know I ain't wrong cause you don't treat him right

You never appreciated what you had
Now you mad
Cause he can't get enough of this good stuff I'm giving
him

Ooh I did your boyfriend (I did him)
Cause you didn't know how to please him (shorty)
Ooh I did your boyfriend (I did him)
And you won't never get him back again

(Shorty Shorty)
Ooh I did your boyfriend
Now your boyfriends gonna make me his lady
Ooh I did your boyfriend

Shorty don't be mad at me
Some things just ain't meant to be
Like Bobby and Whitney
Like Jlo and Diddy
Like Vivica and 50
Like Kevin and Britney

I ain't got time for jealousy
Your man chose Melody
Cause I look better than you
I cook better than you
I dress better than you
And I sex better than you

So whatcha gonna do now?
Whatcha gonna do now?
I did your man (I did him)
Whatcha gonna do now
Whatcha gonna do now (just cause I can)

You should have never treated him the way you did
And now you upset
Cause he can't get enough of this good stuff I'm giving
him

Ooh I did your boyfriend (I did him)
Cause you didn't know how to please him (shorty)
Ooh I did your boyfriend (I did him)
And you won't never get him back again

(Shorty Shorty)
Ooh I did your boyfriend
Now your boyfriends gonna be my baby
Ooh I did your boyfriend

Ooh I did your boyfriend
Now your boyfriends gonna make me his lady
Ooh I did your boyfriend

Ooh I did your boyfriend
Now your boyfriends gonna be my baby
Ooh I did your boyfriend
Now your boyfriends gonna make me his lady

(He don't want you no more)
