[Verse 1]

You don't deserve, a bitter word
Of my precious breath
Are you not following yet
Oh you're time is up, darling raise your cup
And take your bow, do it graceful now

Remember I was the one, who showered you with the
sun
Remember I was the one ohh, who gave you years of
my love
If you don't know it's the truth
It's just no good what you do
Baby the gig is up
And when it's said and done, you're just a smoking gun
You are the guilty one
The smoking gun
You're just a smoking gun, a smoking gun
