### "Longest Ever Dream"

I fell asleep, fell into the night  
Falling so deep, into the night  
Thoughts of endlessness  
Of peaches and cream  
But that was all yesterday  
I had the longest ever dream

Yesterday, I had the longest ever dream  
Yesterday, I had the longest ever dream

I fell asleep, fell into the night  
Falling so deep, into the night  
Thoughts of endlessness  
Of peaches and cream  
But that was all yesterday  
I had the longest ever dream

Yesterday, I had the longest ever dream  
Yesterday, I had the longest ever dream

And in the dream, I was watching the sky  
Falling down, into the night
