I look at you  
And then I wonder why  
What it is  
That you see in that guy  
Why are you making this worse  
I wonder if  
You even know I'm there  
You look at me  
Life is so unfair  
I can't take much more of this hurt  
Because

I'm tired of being with you  
All the time we've spent  
Has meant nothing to you  
Now we're back here again  
Wondering what was said  
Being nice is not the key  
It's the 10 things girls hate about me

I try to be  
Not like all of them  
All those guys  
They think you just pretend  
Why are you making this worse  
I wonder that  
Will I be true to you  
I can't control  
What I say and do  
I can't take much more of this hurt

I'm tired of being with you  
All the time we've spent  
Has meant nothing to you  
Now we're back here again  
Wondering what was said  
Being nice is not the key  
It's the 10 things girls hate about me [repeat]
