You know, just what I'm looking for,  
Baby can you help me find a way,  
To make your fabrication a creation,  
And if we never understand we'll,  
Never make it out alive

You and I, we always had a funny way to make this  
work but in the end,  
When there is nothing to say,  
I hope, you'll take a piece of me when you go.

Stop, and take some time, to think about your  
mistakes,  
One, hundred and twenty reasons why you left me,  
Why not make it twenty-one.

You and I, we always had a funny way to make this  
work but in the end,  
When there is nothing to say,  
I hope, you'll take a piece of me when you go
